

Vincent BOURY Consultant – High level Paralympic athlete

Vincent had a sport accident when he was 18, since then he is tetraplegic and needs a wheel chair. Vincent has changed this unfortunate situation into a huge strength in live. He has an amazing sport career as an international and Paralympic athlete. He won a gold medal at the table tennis Paralympics in Beijing in 2008! He has also been on expeditions all around the world: Atacama's desert (Altiplano in Chile) and part way to Compostela. Vincent has invested himself in the creation of mobility items and has been a mountain wheelchair test driver for many years.

In his professional life, Vincent is a coach. He often speaks for groups about performance, resilience, group cohesion and optimism. He works with children, teenagers and adults to help them to achieve themselves in their lives but also in sport! Some of them are disabled. In his spare time, Vincent goes in schools to meet the pupils and share about disability and sport. He enjoys teaching through game.

He is inspired by Bhutan and has been dreaming of coming over for more than 20 years now.

“All about sharing »

Myriam CAPELLI

Nurse, firefighter

Myriam has been a Nurse for the past 30 years. She provides medical care to people in their own homes and works in an elderly home. In her spare time, she is a volunteer at the local fire brigade and takes care of people in vital distress and emergency situations. She also is a member of the French organization for the fireman's orphans. This organization aims to help children who have lost one of their parents while an emergency intervention.

During the Bhutanese trip, she will take care of Vincent BOURY and provide his daily medical cares and take part in the sportive events.

“Guardian Angel »

Marion BARAN-MARSZAK

Doctor, mountain specialist

Marion is a medical doctor. She has also a degree in mountain emergency medical help. When she started her carrier, she was invested in the blood donors mission in the Alps. The collected blood is used to save people's lives. Later on, she experienced for many years, working with the disabled adults and children. She has experienced working in physical, social and psychiatric rehabilitation. She is devoted to helping people and improving their quality of life.

Today, she wants to make the most of her experience and share her knowledge. She is taking part in this expedition because she is interested in the integration of the disabled people in society and would like to be inspired by the GNH. She is also sportive and likes going hiking with the disabled.

“Vertical Doctor”

Sébastien CROIX

Psycho-practitioner, teacher

Sebastien is a communication teacher and coach. He helps people who have been going through physical, psychological or professional trauma. He uses their strengths and qualities to begin, succeed and achieve their projects and go above obstacles. Convinced that mankind can change, he helps managers and teams in their development to do better and live better. Sebastien also has an invisible disability due to a car accident.

In his spare time, Sebastien is invested in children's education and organizes school swaps in between children open on different cultures and languages. He would love for French and Bhutanese children to meet.

Sebastien is always ready to carry the "Joelette" and share quality moments.

“ Meaningful ”

Lise MOREL

Social worker

Her recent missions covered the following areas :

Child supervision, implementation and follow-up of educational project and animation project, working with autistic children and children with disabilities, social help with « ADONF » association, community manager for environmental associations, workshops with the NGO about wild life animal protection (monkeys, birds), etc.

Living in the Alps, she loves people, especially children. Her natural skills such as empathy, listening, adaptability, perseverance and patience are real added values to the group.
